

*COMMUNITY TEAM—NATIONAL AMBITION*

To whom it may concern,

FC Motown are a local amateur adult and college level soccer club in Morristown, NJ. We compete in summer league play in 2 leagues, the National Premier Soccer League (NPSL) and United Soccer league 2 (USL2). We are volunteer led and our internship program assists us in delivering a high level of soccer to the local market on and off the field.

I am writing this letter of recommendation for Matthew Hammer who successfully completed a summer internship with FC Motown. The internship was from May 15th to July 31st 2022.

Matthew was heavily involved in our game day operations and promotions this summer. He focused on content collection and creation. The project work he did was excellent and really improved our community outreach and captured new followers and increased fan engagement online. Some of his key tasks allowed him to work independently to capture content that he edited and made into game promotion posts.

I found Matthew to be extremely punctual, open minded, hard working and most importantly dedicated to the role.

Should you require further information please do not hesitate to reach out.

Thanks,

Alan McClintock

FC Motown Sporting Director
